Now let's talk about the game i.e. Frutakia 2 - match 3 puzzler as the name suggest you have to make a pair of 3 fruits (aha - no candy included in this) and this could be in any direction either up, down, right or left. The confusing joy while playing Frutakia 2 - match 3 puzzler is tremendous, one of the most addictive games it has become. The game is not only a fruit cutting game, or a jewel game or a candy crashing game, it is a blend of all 3 of them either you can cut the fruit, jewel or candy game. A simple slide up, down, right and left swipes and the game is ON. Choose either 3 or more fruits at a time or candy or jewel, cross matches are not allowed.

Would the game have sounded you easy right? No the watch out factor is everytime you move a fruit your life bar decreases and everytime you match things your life bar increases, be aware you have to watch out that your life bar should not get empty.
